Slight Changes Promised In City Zoning
Mayor Jerome Blank opened the public hearing Tuesday evening, Feb. 16 with a history of zoning ordinance in Albany and an explanation of the proposed new zoning. He then introduced George Vila, chairman of the Albany Planning and Zoning Commission who explained the provisions of the proposed ordinance using the map as proposed.
Letters of protest were read from the Albany Chamber of Commerce, attorneys representing Golden Gate Heights, Inc., and DeVebiss, motel promoter.
The letter from the chamber of commerce stated its position in favoring the new ordinance with the exception that the C-2 zone should be extended through from San Pablo to Kains and Adams, allowing for expansion of commercial businesses in this area.
George Vila explained that the commission recognized the chamber's position but the proposed ordinance was the best possible at present and that as soon as it is passed, steps will be taken to draw up a future land use map allowing for the necessary commercial expansion.
The letters from attorneys representing Golden Gate Heights, Inc., and DeVebiss, protested the R-1H zoning of Albany Hill as this would hinder the proposed development of hotel, motel, and apartment house construction on this site.
Mr. Vila explained that the new zoning ordinance will not prohibit hotels or motels in any zone, but the restriction is that each would require 3 acres and a 50 foot setback.
After discussion and no protest from the public, a resolution was passed by the council that the persons involved be assured that this zoning on the undeveloped area of Albany Hill will be changed to R-3 zoning to permit construction of proposed motels, hotels and apartments.
Present at the Chamber of Commerce membership luncheon on Thursday, February 11th, were: Ernest Dix, Bernice Boyd, Floyd Baird, Frank Larimer, Ken Forry, Eddie West, Bud Read, Cecil Wentz, Clement Tobin, Red Call, Kent Pursel, Elmer Nelson and guest, Dale Bower, Hal Weller, Stan Young, Irene Grove and the speaker, Mayor Jerome Blank.

Chamber Chatter
By IRENE GROVE
"Politics" is everybody's business! Almost every move you make during the day can be linked with some previous political decision. Good government is up to all of us. We all have the responsibility to learn more about politics and become more effective in this important business... and now you have the opportunity to do just this... The Chamber of Commerce of the United States has designed just such a course, "Action Course in Practical Politics" to train, equip and encourage businessmen to be more useful and influential in this field. It is non-partisan. An estimated 2,500 of these courses have been conducted and more than 42,000 persons have participated throughout the U. S.
Such a course is to be conducted in Albany through your Chamber of Commerce. It will be a series of weekly two hour workshops. Chamber members have been contacted but you are all invited to participate. Call your chamber office for more information.
Lots of interesting things to see and do in the next few weeks in the Bay Area.
Would you like to see what progress the American school room has undergone since 1800? You will have this opportunity... School Room Progress U.S.A. Train will be on exhibit at S.P. Depot, Jack London Square, Oakland, February 24-29. Arrangements are being made for special tours for the students in Bay Area schools. General public is especially invited to see this fascinating exhibit, Saturday and Sunday, February 27-28, 1 to 6 p.m. This is a public service by our own Pacific Gas and Electric Company in cooperation with the public schools.
We are all interested in Rapid Transit plans and to learn more about this important project. There will be a series of public meetings held to better acquaint the public with these plans. In Alameda County the following are scheduled: March 7 at Hayward, March 8 at Berkeley, March 17 at Oakland. Let's all plan to attend at least one of these informative meetings.
An invitation has been extended to Albany by the Alameda Chamber of Commerce to attend a demonstration of "Nike in the Attack." There will be a special

Pursel to Talk Before Rotary On Co. Welfare
Supervisor Kent D. Pursel will be the luncheon speaker at the Albany Rotary Club luncheon next Tuesday, March 1. He will speak on the subject of Alameda County's welfare program, and will be introduced by Bernard L. Mander, owner of Sam's Prescription Pharmacy at 1183 Solano Avenue.
The speaker has been studying this welfare program for some months with a view to developing greater efficiency, as well as correcting some of its shortcomings. His investigations have shown that many have been receiving financial and other aid to which they have not been entitled, while others may have failed to obtain relief because of not knowing the necessary routine.
Mr. Pursel is well known to the people of Albany, and has ever been ready to lend his aid to the city in obtaining help from the county where possible. He is the proprietor of the Bay Pharmacy at San Pablo and University Avenue in Berkeley.
Yesterday Dr. Walter Rappaport of the Agnew State Hospital gave a very interesting talk on the progress of medical science in the realm of Mental Illness. George Irwin was chairman of the day.

Kensington PTA Presents Two Life Awards

Kensington PTA's February meeting was highlighted with the presentation of Honorary Life Memberships to Mrs. Frank West and Mrs. Herbert Worster in recognition of their outstanding work on behalf of children. The presentation was made by Mrs. Richard Haber, Life Membership Chairman. With each honorary membership a twenty-five dollar contribution is sent to the California Congress of Parents and Teachers to further its scholarship and loan program.

Mrs. West has done almost everything there is to do in the community. She has been both worker and organizer in numerous drives such as Polo, Red Cross, and United Crusade. She has been a Brownie leader and a den mother. She has taught Sunday School for several years. She has been active in three PTAs for the past 8 years; has served and is still serving on their boards and is past president of the Kensington PTA. She has served on the Board of Richmond League of Women Voters. She has been a devoted worker on School Board elections, has served on the Richmond Council PTA and the School Education Committee. She has been active in the American Field Service program.

In presenting the award to Mrs. Worster, the audience was told that besides being active in the community as a den mother, Counselor for Day Camp of Camp Fire Girls and chairman of their candy sales for the past two years, a member of the Contra Costa Taxpayers Association and on the Board of the Kensington Improvement Club, her main interest has been the expanding of the Kensington Library and devoting endless hours to its management for the past six years. Mrs. Worster has also served as Richmond PTA Council Library Chairman for several years. A librarian by profession, Mrs. Worster has helped new PTA units set up their school libraries and she has written a library manual which is used throughout the district.

The new Interstate System of highways now under construction will criss-cross the nation with controlled-access freeways connecting 90 per cent of all cities of 50,000 or more population, reports the California State Automobile Association.

Income Tax Payers Warned Against Omitting Items

Many Federal income taxpayers each year fail to account for income received during the preceding year from sources not reported on their W-2 withholding tax certificates, District Director Joseph M. Cullen of the Internal Revenue Service said today.

"Sources of taxable income," he pointed out, "include part-time work, dividends, tips or other gratuities, interest on savings accounts, and several other forms of income."

"Profits on the sale of real or personal property are subject to special rules and must be reported," he added.

"Taxpayers who fail to report taxable income are liable to be called to account for it," Director Cullen warned. "They may be subject not only to the tax, but also to interest and penalties."

U.S. Civil Service Needs Stenographers

Railway Express Studies Revamping Of Area Operations

A major "soul-searching" engineering study of Railway Express Agency's operations in the San Francisco-Oakland metropolitan area, contemplating new facilities and procedures which would give the public "better and more economic package and small shipment services," was announced by President William B. Johnson.

Termed a "whole, new and fresh approach," he said the study is expected to produce specific plans for improved express terminal facilities, greater operating efficiencies and substantial service improvements.

The development studies at Oakland not only will cover points presently served by that office, but are expected to benefit shippers and receiver in communities currently served by 13 other offices in the East Bay area. Railway Express last November petitioned the California Public Utilities Commission for authority to consolidate those points with the Oakland office. The regulatory body's considerations on the consolidations began at hearings which commenced on February 1. The offices which would be consolidated at Oakland are Alvarado, Berkeley, Hayward, Lafayette, Livermore, Newark, Niles, Orinda, Pleasanton, Richmond, St. Mary's College, San Leandro and Walnut Creek.

Among other communities for which Oakland already provides express service, and which will benefit by the study and anticipated improvements, are Alameda, Albany, Emeryville, Kensington and Piedmont.

The winners face St. Mary's at Spenger's on Thursday, February 25.

Bayview Auxiliary Eagles to Initiate Class in March
Bayview Auxiliary of the Eagles will hold an initiation ceremony at its next regular meeting in March to close the current membership contest. The losing team will serve a dinner to the winners at the last meeting in March. Mary Murry's "Eager Beavers" were leading the race at last reports, but Add Townsend's "Go-Getters" promise to make it a close finish. Mrs. Ada Townsend reports that the next dessert whist party will be held on Thursday, February 25, starting at 1 p.m. Auxiliary President Oryl Nice has named Marion Griffing to head the committee on Musical Dystrophy, replacing Virginia Peruzzi who is in ill health. Meetings are held at the Eagles Hall, 3223 Carlson Boulevard.

St. Vincent de Paul Bureaus Need Used Clothing

The Society of St. Vincent de Paul salvage bureaus in northern California and the Bay Area are in need of used and serviceable clothing, bedding and blankets, furniture and other usable household items. Gordon Rowland, San Francisco Bureau manager, stated that an unprecedented demand for usable items to outfit the needy and less fortunate during the recent Christmas season had resulted in a depletion in stock for most salvage bureaus. He urged that anyone desiring to donate items to the Society, phone their local St. Vincent de Paul Salvage Bureau. Your donations will either be given to those in need or sold to marginal income families in order to finance the Society's other charitable works.

Rug Making on a 'Do-it-yourself' Basis At Center

Interested in a practical "do-it-yourself" project? Then you may well be interested in enrolling in one or more of the several popular rug making classes — both braided and hooked — available at the Albany Adult Center.

The Hooked Rugmaking classes are taught by Mrs. Violet Young at Cornell School, 919 Cornell Avenue, Wednesday mornings, 9 to 11, and Wednesday afternoons, 12:30 to 3:30. Under the guidance of Mrs. Young and using old discarded woolens, class members work out their own individual ideas and color schemes to suit their individual decorating needs. Patterns, which may be purchased in class or worked out by the students, range from geometric, scroll or floral designs to conventional, modern, or early American ideas; and they are in round, oval or rectangular shapes in any desired size. The hooked-rug technique is also popular for stair runners, chair sets, purses, and covers for both footstools and piano benches, all of which may be made in class.

The Braided Rugmaking classes, taught by Mrs. Frances Manning, meet on Friday mornings, 8:30 to 12:30, and Thursday evenings, 6:30 to 10:30, at the Solano Adult Unit, Solano and Cornell Avenues. The braided rug is most versatile and easily adapted to either the early American or modern motif; a small braided rug is often just the right touch needed to cover a worn spot or an area which has unusually heavy traffic. These rugs, suitable for any room in the home, may be either oval or round and of any size desired.

Classes In Homecraft At Adult Center

"The flowers that bloom in the spring" are blossoming forth on straw purses, tote bags and sweaters to match spring and summer wardrobes, in the Homecraft classes currently available at the Albany Adult Center. All taught by Miss Jennie Walton and all meeting on Wednesdays at the Solano Adult Unit, Solano and Cornell Avenues, there are three classes open to the enrollment of those residing either in or out of Albany: morning, 9 to 12; afternoon, 1 to 4; and evening, 7 to 10. Those enrolled may attend one or more of these classes for the same small registration fee.

Inexpensive materials, ingenuity, creativity and imagination are the main ingredients used by Miss Walton in teaching the students how to make many useful and attractive articles and seasonal gifts. Some class members are making lamp shades, using materials and colors appropriate to their individual decorating schemes; some are decorating and beautifying, to harmonize with the decor of a specific room, such utilitarian objects as: waste baskets, portfolios, scrapbooks, jewel boxes, place mats and telephone book covers.

Miss Walton encourages the students to bring in their individual problems to be solved, and many interesting projects have resulted from these. There is one case of the rejuvenation of an old alarm clock; another, the making of a shadow box for a service man's medals; and a third, the decoration of a container appropriate for a nursery. Those interested are also taking advantage of the opportunity to get a head start on Christmas and are already working on some lovely gifts and decorative items for that busy season.

Recreation Dept. Makes 'Hay' When Sun Doesn't Shine

During the recent rainy days the Maintenance Division of the Park and Recreation Department has been busy indoors making improvements in the park field houses.

This crew under the able leadership of Mel Ayers has remodeled the Memorial field house to provide more usable space for indoor activities such as table tennis, crafts, and other recreation activities and at the same time has made an attractive office storeroom which opens directly onto the play area. A Dutch door provides an opportunity to give faster and better service to users of the playground area. Plans to paint the interior walls and floors will be deferred to permit the Workrecreation boys a chance to make their contribution to improving the recreational facilities.

Public opinion, though often formed upon a wrong basis, yet generally has a strong underlying sense of justice. — Abraham Lincoln.

EAST BAY PRODUCERS' MILK COUNCIL

THE BLACK KNIGHT AND THE MAGIC RECORD

Once upon a time there lived—in unbelievable safety—some 1,200 employees of a water district. By observing safety regulations, they piled up 1,680,502 man-hours without a single lost-time accident. Since this set a new national record, they were officially acclaimed as the safest water district in the U.S.A.!

The Black Knight? No, he's not a fairy tale character. He's just one of the 1,200 people responsible for setting this all-time magic record in water utility safety. (The secret's out—they're "East Bay MUD" employees.)

Incidentally, this outstanding safety record has meaning for you, too. It means that your water district receives substantial refunds in the premiums it pays for insurance. More than \$300,000 during the past ten years. Obviously, since you own "East Bay MUD," this saves you money.

Best of all, though, it means the safe and sound people at "East Bay MUD" will go on supplying you the finest water at the lowest cost in the Bay Area... happily ever after.
